Do the Packer Test rpt. Hold off on the Entry Report rewrite/summary.

Do give me calculations on the pond.

Steve,

As you likely noticed on the last RCMS report, the Red and Bonita costs are nearing the budget ceiling, with approximately \$2500 left for additional work as of last Friday. Remaining tasks include:

- [] complete the packer test procedure
- [] prepare rough designs for an additional solids settling cell (in progress)
- [] prepare the report regarding all mine entries/actions (2011-2014)
- [] provide additional support, as needed

Jeff and I are working on the settling cells and he's now estimating soil and geo-fabric quantities.

Please let me know your intentions regarding amending the TDD.

Jan
